YOUR DAY AT CHATEAU DE LUC

SÉMINAR - TEAM-BUILDING - EVJF/EVG

A photograph of a wine cellar with rows of wooden barrels stacked on racks. The cellar is carved into a rocky, cavernous space with a rough, natural rock ceiling. The lighting is warm and focused on the barrels.

LE CHATEAU DE LUC

A photograph of the Chateau de Luc, a large, multi-story stone building with a courtyard. The building has a warm, golden-brown facade and many windows. There are trees and a paved area in the courtyard. The sky is clear and blue.

We open the doors of the Château de Luc sur Orbieu for your professional and private events. An idyllic place to combine work, relaxation and leisure activities a few kilometers from Narbonne and Carcassonne.

OUR ACTIVITES

Visit and wine tasting

Come and taste our range of organic wines and discover our 14th century underground cellar, a unique historical testimony in the region. Possibility of organizing customized workshops according to the season: blind tasting, tasting of freshly harvested must, etc...

Winegrower visit

Short hike to our favorite viewpoint, at the top of the Mourrel de Luc, to observe the local fauna and flora, typical of the Mediterranean scrubland. A walk that will be enhanced by explanations on the components of the wine-growing area (climate, geology, botany, grape varieties and cultivation methods).

Escape Game

"In search of the lost vintage", an Escape Game inspired by real facts. You have been hired to inspect the old cellar of the castle and decipher the codes left by Irma and Auguste Fabre. You must urgently find the lost vintage in order to counter the fraudulent wine. Beware, there will be a tasting experience!
